_____ Public Library Brings World's Culture to Reference Collection

(City, State – Month Day, Year) – The _____ Public Library is pleased to announce that it has recently added *AtoZ World Culture* to its online reference offerings. This new library resource includes 121 topics for 175 countries. Starting with a country snapshot and cultural overview, topics include: climate; food and recipes; history; language; maps; money and much more. *AtoZ World Culture* includes teaching tools and lesson plans for educators.

“World culture books are very popular at the library, but in the past, we’ve never been able to offer one source for the world’s countries, so we’re very excited to offer this database to our patrons,” says _____, reference librarian at _____ Public Library.

According to the library, anyone can access *AtoZ World Culture* using the library’s computers, or from anywhere in the world from the library’s portal at www._____.org with their library card.

AtoZ World Culture was designed for researchers, educators, travelers, global businesses, government agencies and anyone who wants to learn about the world and its diverse cultures.

Offering *AtoZ World Culture*, a product of *World Trade Press, the Global Knowledge Company*, is an example of the _____ Public Library’s mission to increase its coverage of topics that are of interest to its diverse population of patrons young and old.
